CID _____ date _____ by: _____ & _____

- 1) Competitors in the specified tractor divisions will be required to have their vehicle teched and engine pumped and sealed by the tractor tech committee by the third hook attended by the vehicle. Competitors that have not had their vehicle teched or engine pumped by the third hook will have any prize monies held by the IPA until vehicle is teched and pumped. Competitors are responsible for arranging their respective vehicles to be teched and pumped with the tech committee.
